Get Adobe Digital Editions

Adobe Digital Editions is required for you to download EBSCOhost eBooks for offline reading, as well as copying them to an eReader.

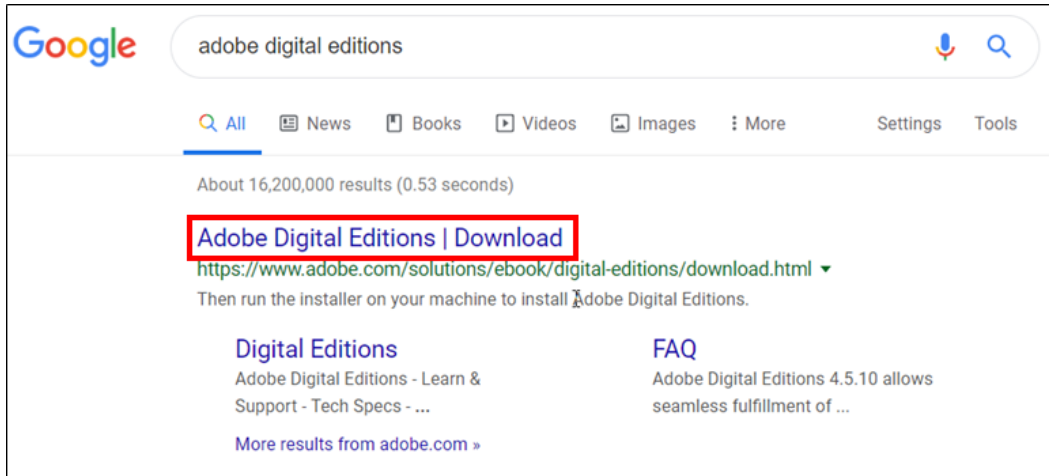

1. Go to google.com and search for **adobe digital editions**:

librarypoint.org

540-372-1144

2. On the results page, click the link for **Adobe Digital Editions**:

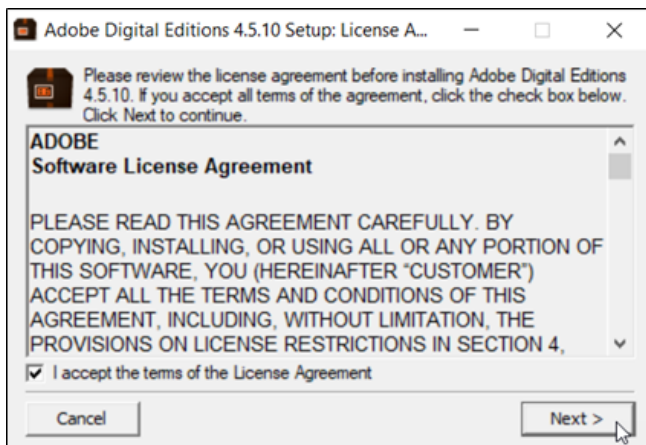

3. Click the link to **Download Digital Editions** for Windows. A Macintosh version is also available, however these instructions do not cover its installation. Please note that the version number you see may be newer than what is shown below:

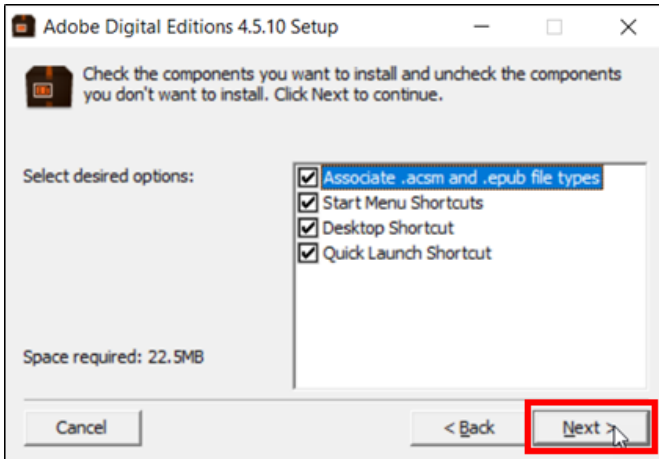

4. Click the downloaded installer file in the bottom-right corner of the Chrome browser:

5. Click the checkbox to accept the License Agreement, then click **Next**:

6. Click the **Next** button:

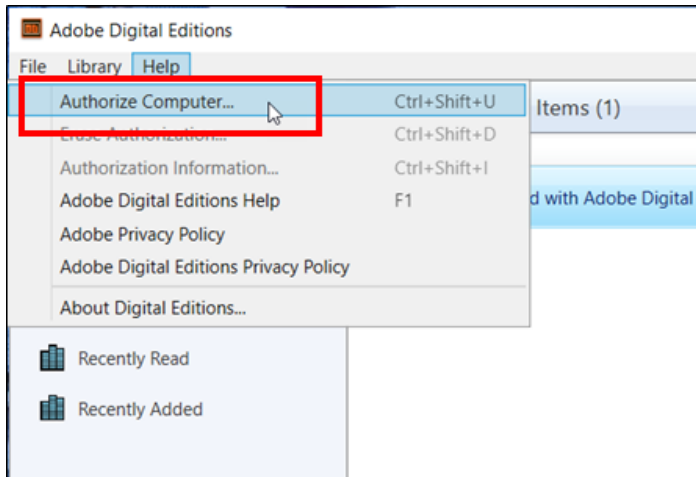

7. Click the **Install** button:

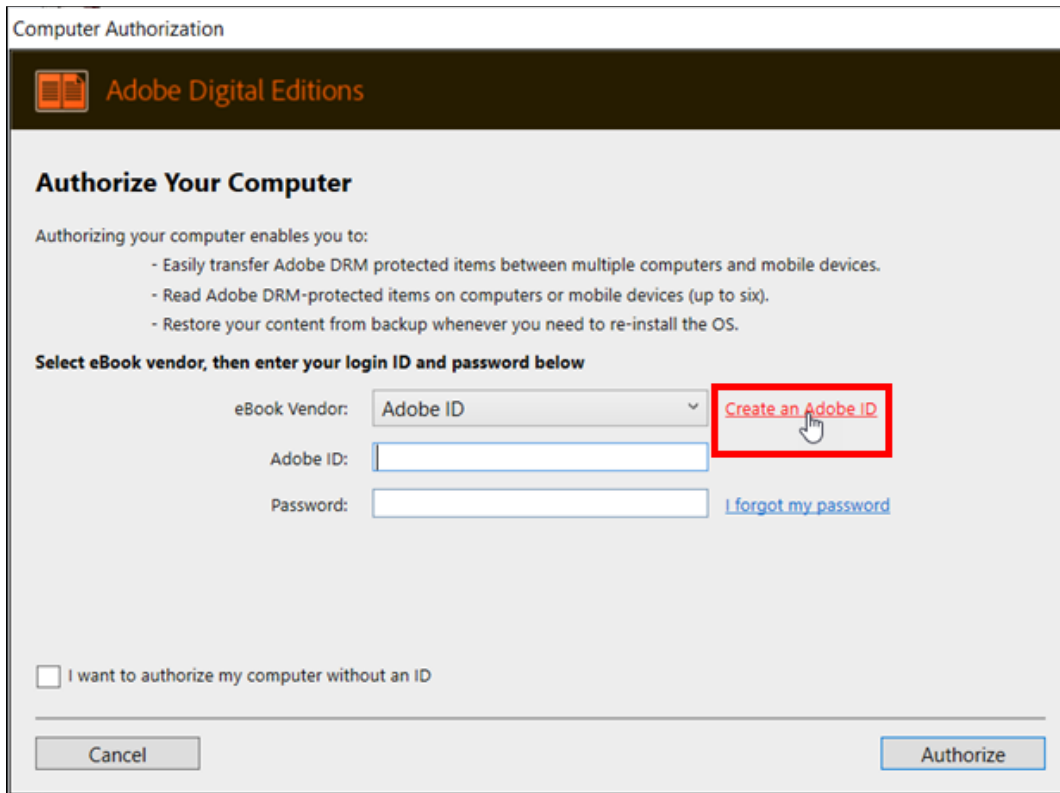

8. Click the **Close** button:

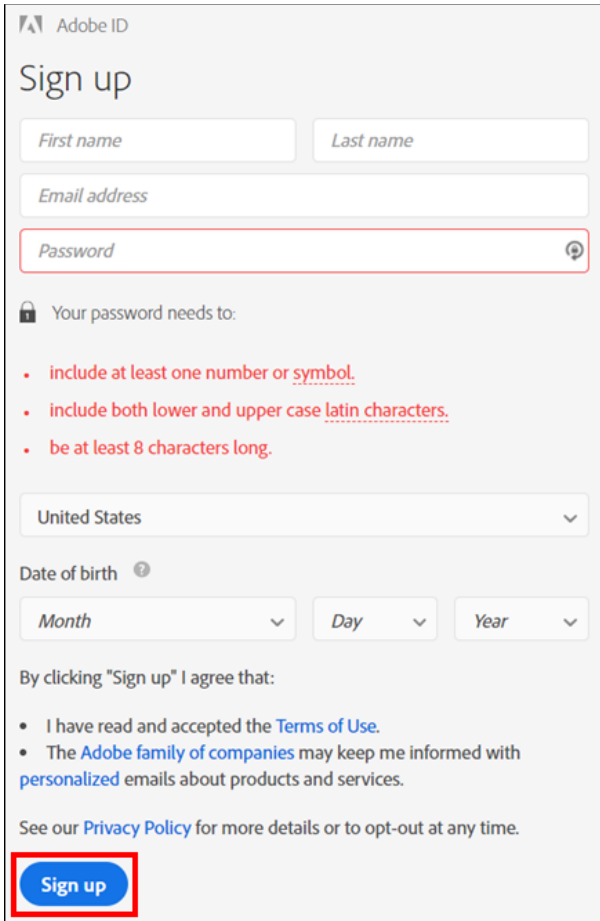

9. Adobe Digital Editions will automatically open. When it does, go to the **Help** menu and choose the option to **Authorize Computer**:

10. Click the option to **Create an Adobe ID**:

11. A Web browser will open. Fill out the form and click the button to **Sign up**:

Authorize an eReader

Follow the steps below if you would like to be able to transfer your EBSCOhost eBooks to an eReader like a Nook or Kobo. It is not necessary to follow these steps if you only want to read on your computer. Please note that the Amazon Kindle Paperwhite, Oasis, and other Kindle eReaders are not compatible with EBSCOhost.

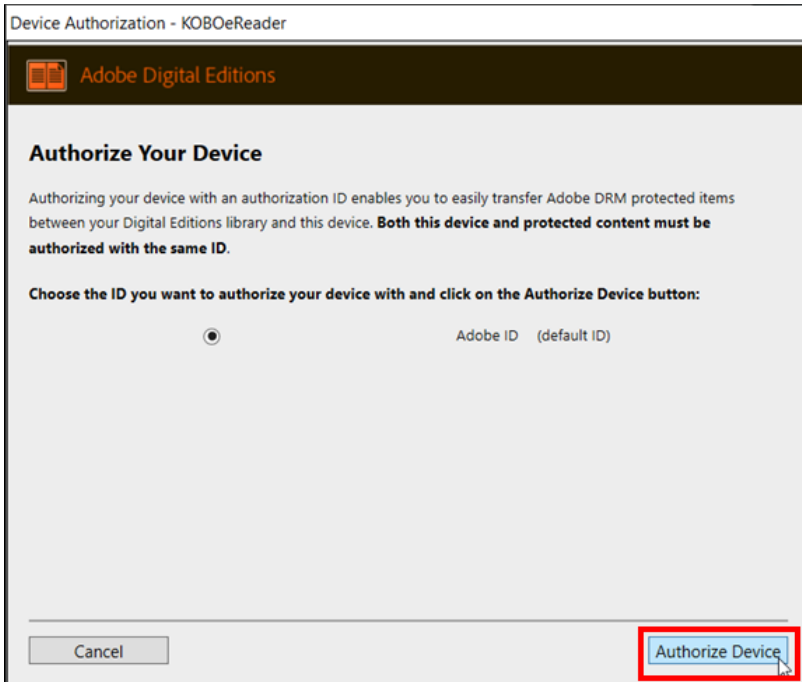

1. Connect your eReader to your computer with the eReader's USB cable.
2. Open Adobe Digital Editions, if it is not already open.
3. Your eReader will appear on the left side of the screen under **Devices**. Click on it once:

4. Click on the gear icon above the eReader's name, then select the option to **Authorize Device**:

5. In the window that appears, click **Authorize Device**:

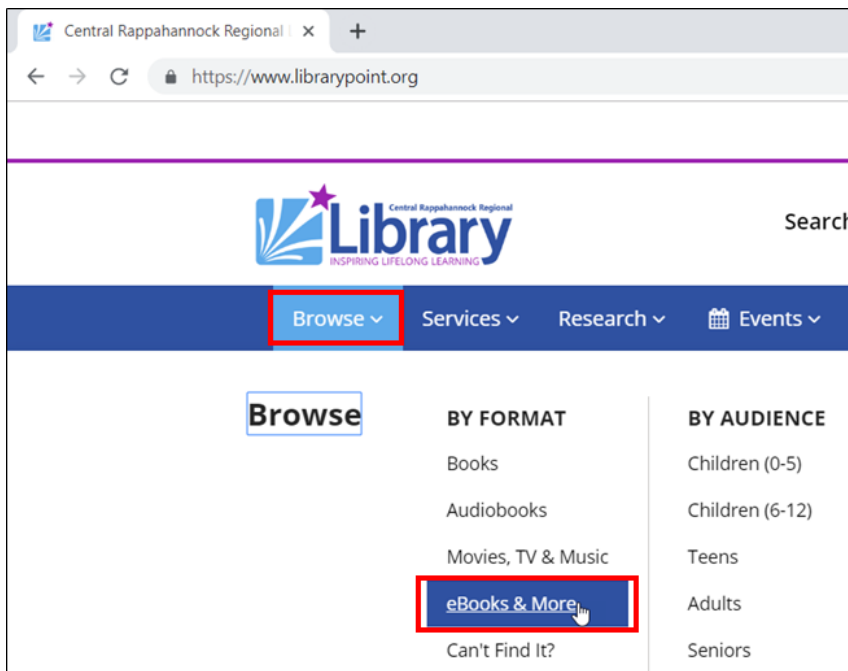

6. After a few seconds, you will see a window telling you **Your Device Has Been Authorized**. Click the **OK** button to close it:

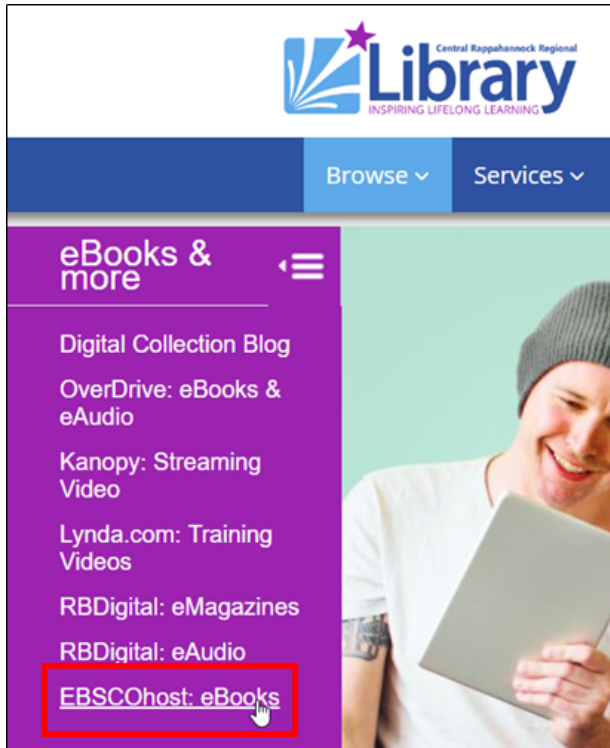

Get an EBSCOhost Account

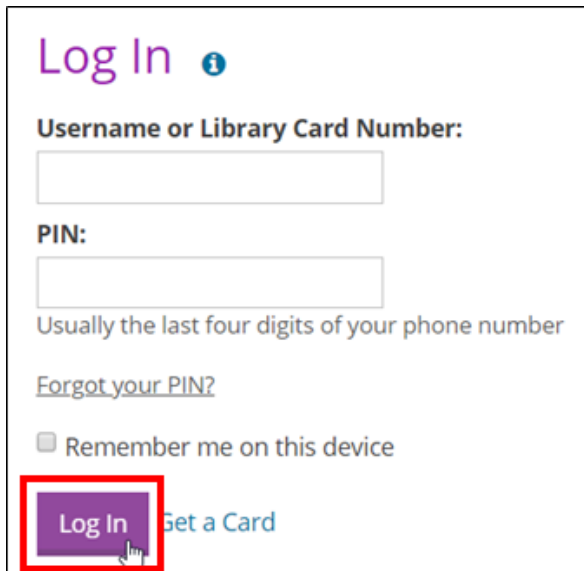

1. In Google Chrome, go to www.librarypoint.org.
2. Click the **Browse** button at the top of the screen, then click **eBooks & More** in the drop-down menu:

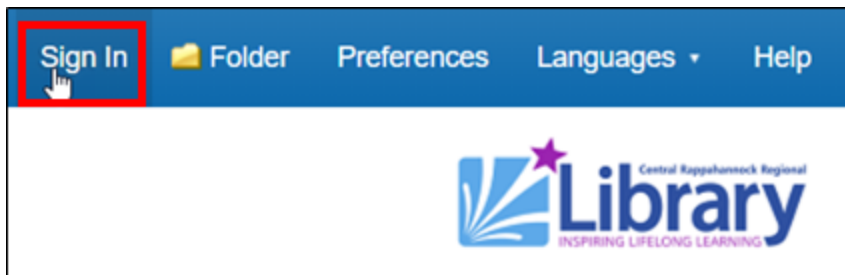

3. On the left side of the next page, click the link for **EBSCOhost: eBooks**:

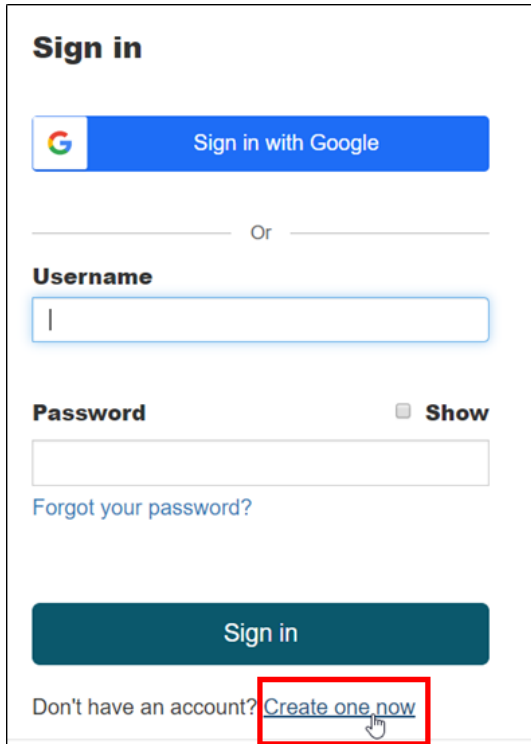

4. Enter your 14-digit library card number or librarypoint username and PIN, then click the **Log In** button:

5. On the EBSCOhost homepage, click the **Sign In** link in the upper-right:

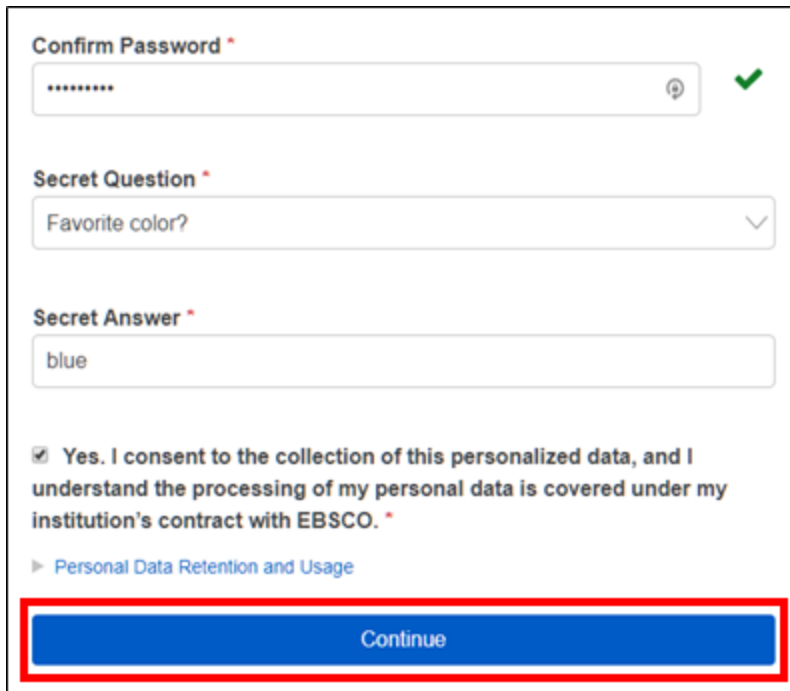

6. On the Sign in page, click the link that reads **Don't have an account? Create one now:**

The screenshot shows a 'Sign in' page. At the top, there is a 'Sign in with Google' button. Below it, the text 'Or' is centered. There are two input fields: 'Username' and 'Password'. The 'Password' field has a 'Show' checkbox. Below the password field is a link 'Forgot your password?'. At the bottom, there is a 'Sign in' button and a link 'Don't have an account? Create one now'. The 'Create one now' link is highlighted with a red box and a mouse cursor.

7. Fill out the entire form, check the box at the bottom of the screen, and click the **Continue** button. The username and password you choose do not have to match your librarypoint.org username and password:

The screenshot shows an account creation form. It has three input fields: 'Confirm Password' (with a green checkmark), 'Secret Question' (with 'Favorite color?' selected), and 'Secret Answer' (with 'blue' entered). Below the fields is a checkbox that is checked, with the text 'Yes. I consent to the collection of this personalized data, and I understand the processing of my personal data is covered under my institution's contract with EBSCO.' Below this is a link 'Personal Data Retention and Usage'. At the bottom, there is a blue 'Continue' button highlighted with a red box.

8. After your account has been created, click the **Click here** link to continue:

9. Enter the username and password you chose, and click the **Sign in** button:

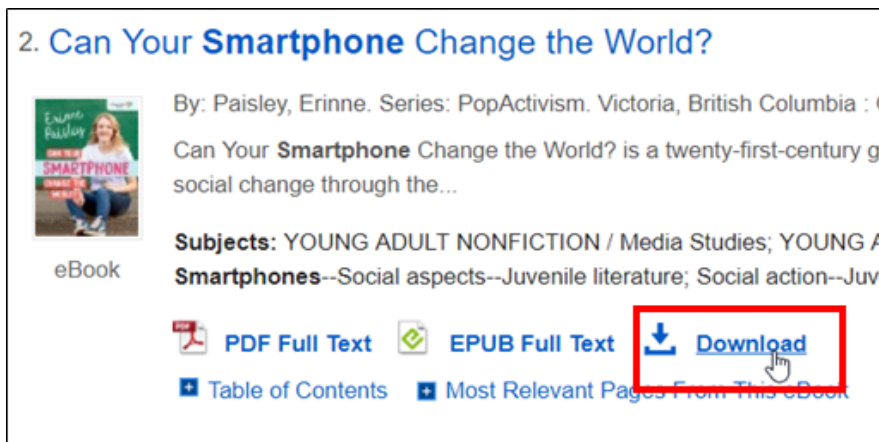

The screenshot shows the "Sign in" page. At the top, there is a "Sign in with Google" button with the Google logo. Below this is a horizontal line with the word "Or" in the center. Underneath, there is a "Username" label followed by an empty text input field. Below the username field is a "Password" label followed by an empty password input field and a "Show" checkbox. Below the password field is a blue link that says "Forgot your password?". At the bottom of the form, there is a large teal "Sign in" button with a white hand cursor icon over it, which is enclosed in a red rectangular box. Below the button is the text "Don't have an account? Create one now" with a blue link.

Downloading eBooks

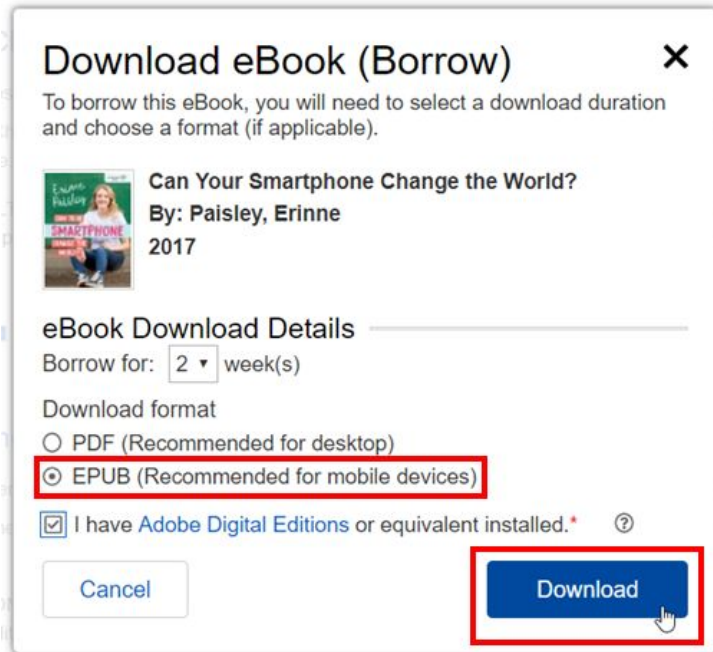

1. Follow steps 1-5 in the [previous section](#) and sign in to your EBSCOhost account.
2. Enter some keywords in the search box, then click the **Search** button:

3. Most but not all EBSCOhost eBooks can be downloaded. Find one with a **Download** link, preferably one that shows it is available in **EPUB Full Text** and not just **PDF Full Text**, as shown below. Click the **Download** link:

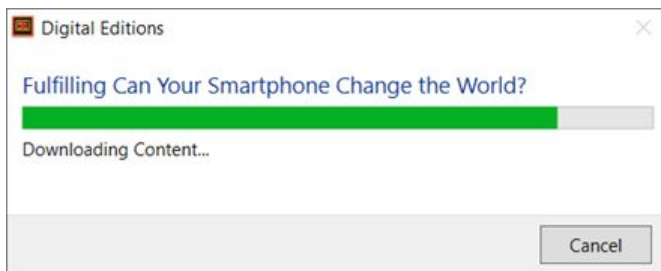

4. If it is available for your title, choose the **EPUB** format instead of PDF. EPUB books will adjust themselves to be easily read on any size screen and will work better with laptops and eReaders. Check the box confirming you have Adobe Digital Editions, and click the **Download** button:

5. Click the book file in the bottom-left corner of the browser:

6. Adobe Digital Editions will open and begin downloading the eBook.

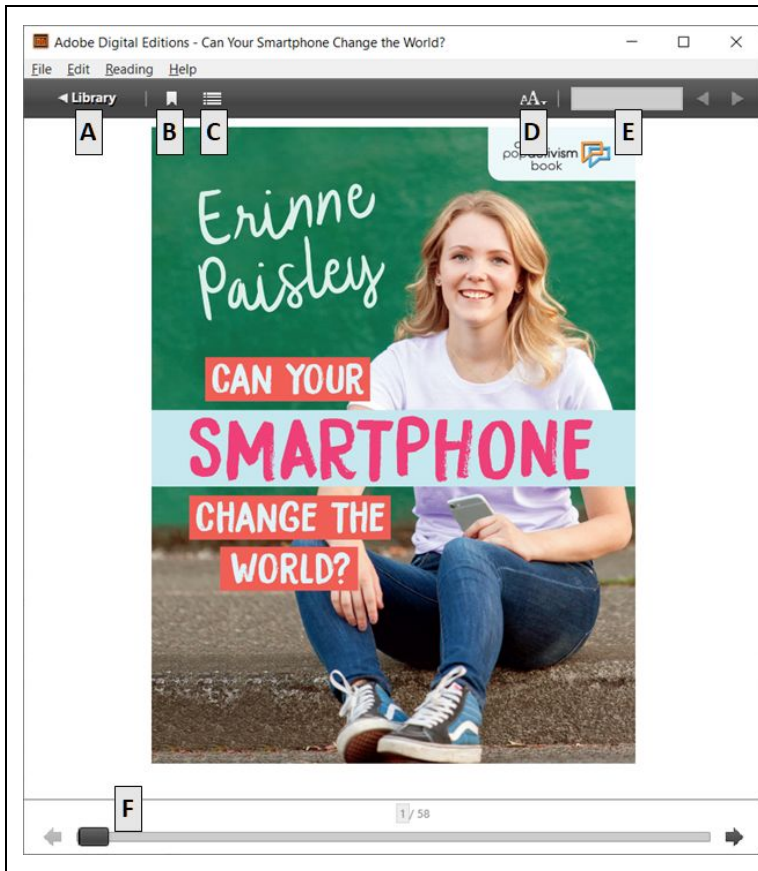

7. When the download is complete, the eBook will automatically open:

Reading eBooks

Open Adobe Digital Editions and double-click the eBook you want to read.

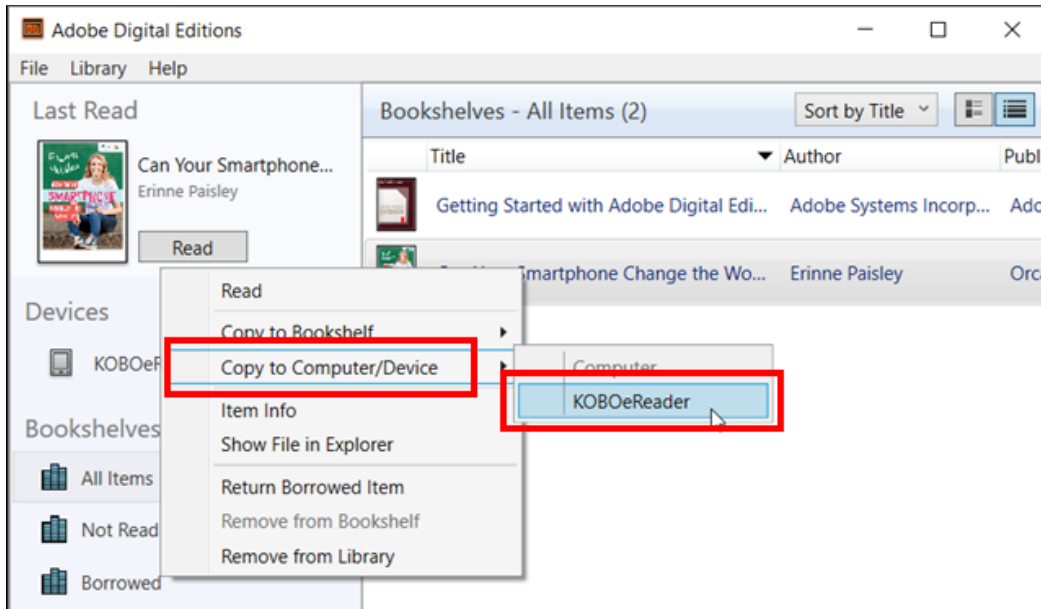

- A. Return to your library of borrowed eBooks.
- B. Place a bookmark. Please note that Adobe Digital Editions will keep track of your progress for you, so it is not necessary to place bookmarks for this purpose.
- C. View the table of contents, as well as the bookmarks you have placed.
- D. Adjust the font size. Please note this will only work with EPUB eBooks
- E. Search within the text of the eBook. Please note this will only work with EPUB eBooks.
- F. Click and hold the progress scrubber to move rapidly through the eBook.

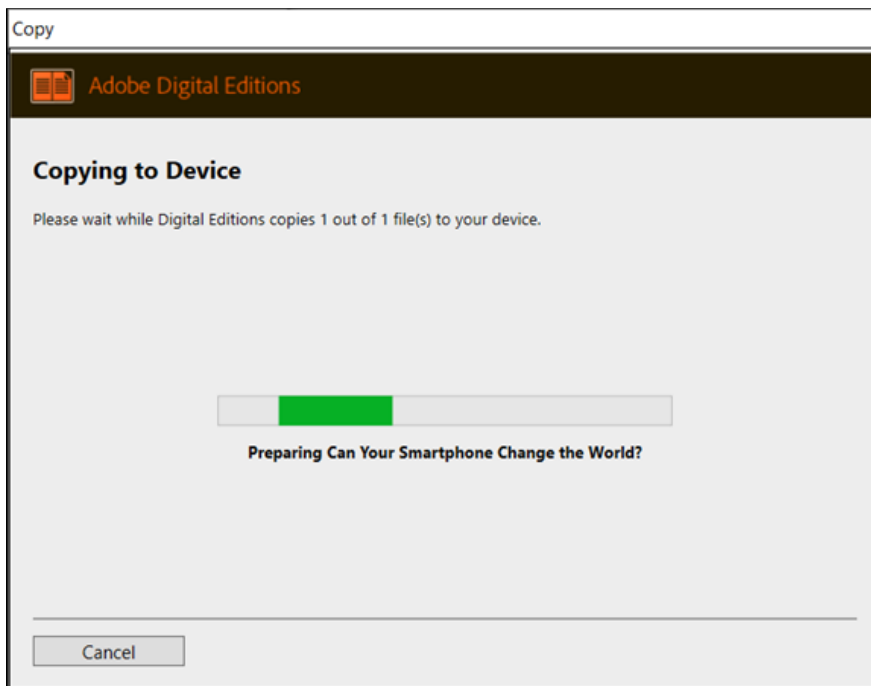

Transferring eBooks to Your eReader

The following steps will allow you to transfer your borrowed eBooks to your eReader. If you only want to read on your computer, you may skip this section.

1. Connect your eReader to your computer with its USB cable, and open Adobe Digital Editions if it is not already open. If it is, make sure you have clicked the **Library** button as shown above to exit out of your eBook back to the main screen.
2. Your eReader should appear on the left side of the screen under **Devices**.
3. Right-click on the title you want to transfer, select **Copy to Computer/Device**, then select the name of your device from the menu:

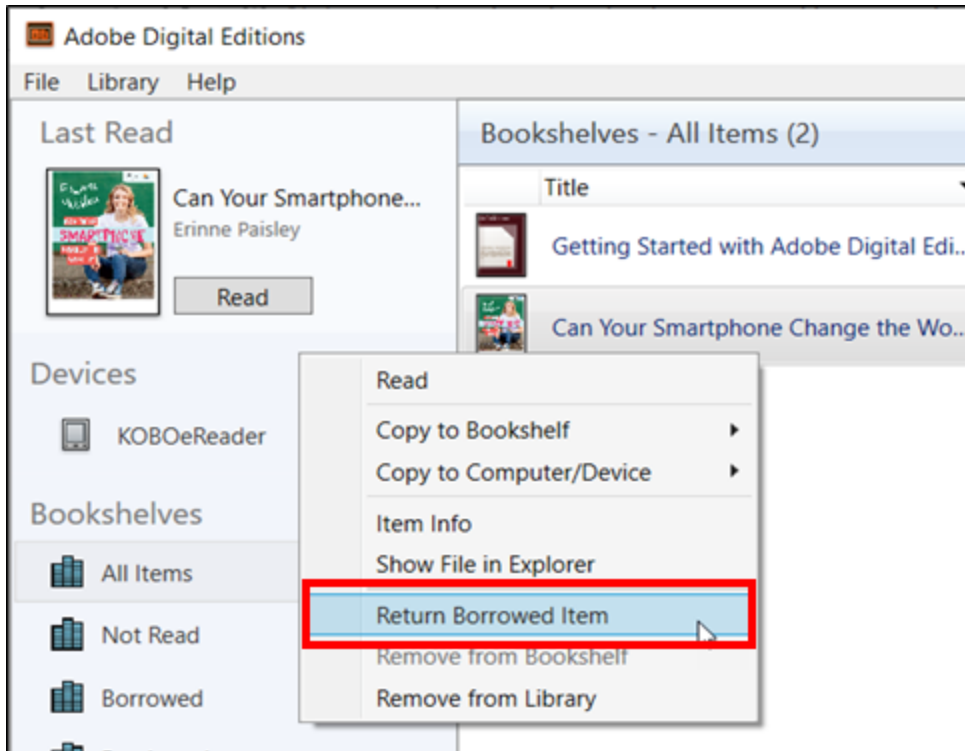

4. Copying the eBook will only take a few seconds:

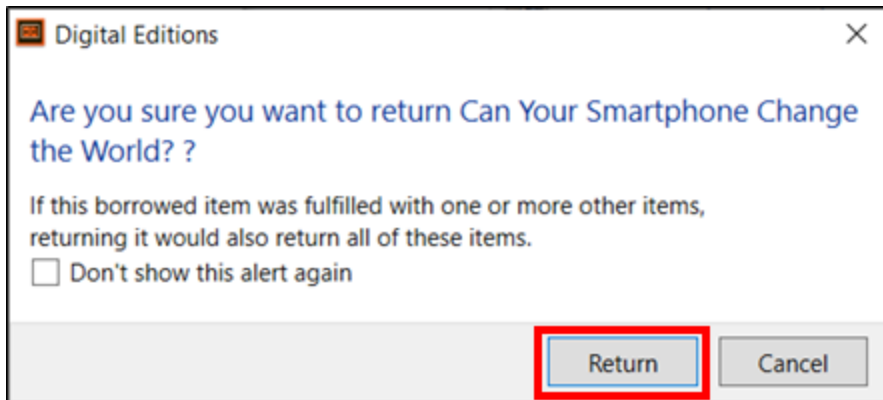

Returning eBooks Early

1. On the main screen of Adobe Digital Editions, right-click on the title you want to return. From the menu that appears, click **Return Borrowed Item**:

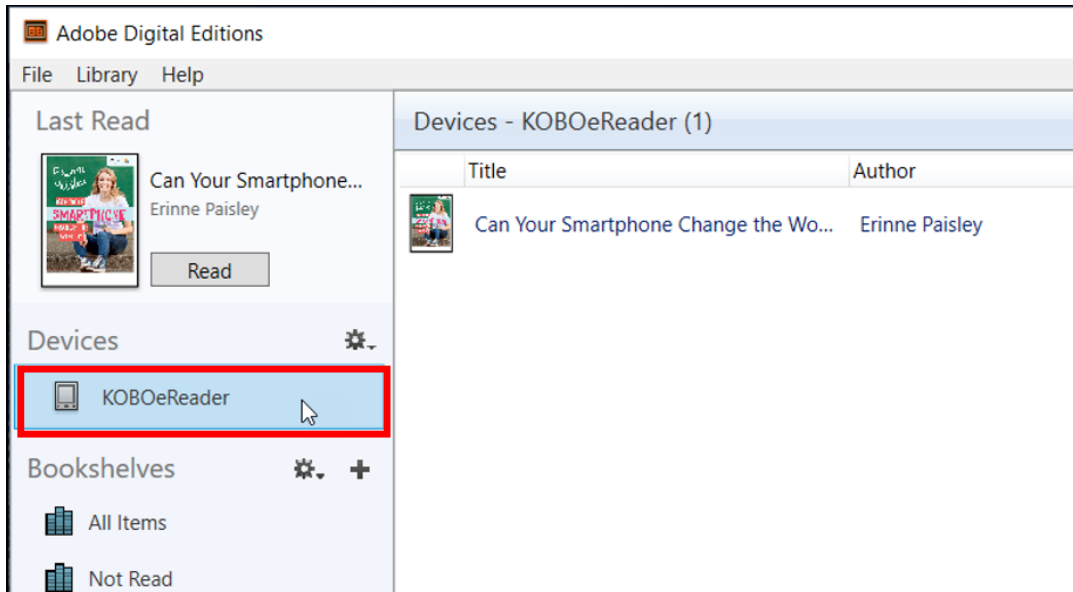

2. When prompted to confirm, click the **Return** button:

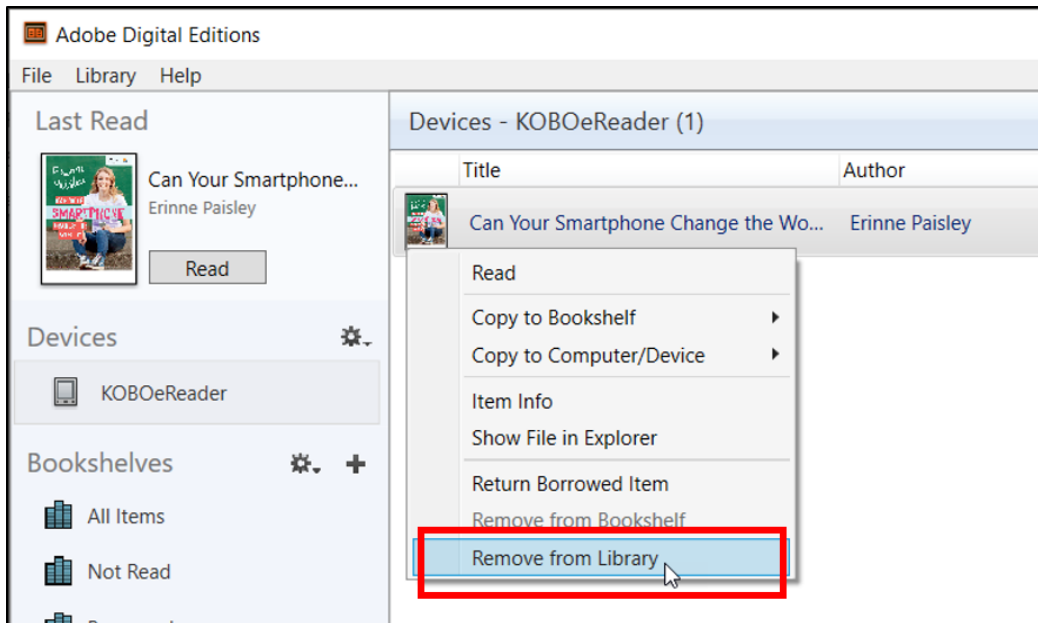

Deleting eBooks from Your eReader

1. Plug your eReader into your computer with its USB cable.
2. On the main screen of Adobe Digital Editions, click the name of your eReader on the left side of the window:

3. Right-click on the title you want to remove. From the menu that appears, click **Remove from Library**:

Renewing

EBSCOhost does not have the ability to renew eBooks. If you want to keep reading past your check-out expiration date, you'll have to check out and redownload the eBook.

Please call or contact us online at <https://www.librarypoint.org/contact/> if you need any assistance!
